PREFACE

Various aeronautical mode information form to support flight safety already published quite a lot by various countries are members of ICAO. In Indonesia the duties and authority to do so has been delegated by ICAO to the Ministry of Transportation c.q. Directorate General of Civil Aviation with the issuance of the AIP (Aeronautical Information Publication)

However, to further improve the safety of civil aviation in the region of Indonesia, the government institutions have offered opportunities to national companies to participate in the aeronautical information publishing process, so far as it meets the criteria and provisions issued by ICAO and by the DGCA of Indonesia.

In this regard, PT. INDOAVIS NUSANTARA as a national company that has twelve (12) years experienced engaged in the Geo-informatics and Aeronautical Navigation Support, has proven the ability of INDOAVIS which belongs to the Indonesia nation in serving the needs of its own people have been tested. INDOAVIS has addressed the defense information embargo by NATO in 1998, related to the needs of ONC defense chart. Entrusted by the Lido Lufthansa to make information on all airports, world coverage. Provide free information services with the data that are always updated by creating a website <http://www.indoavis.co.id>. This website has been visited in average of ± 4000 per month. Oil companies entrusted INDOAVIS for designing landing and night flying procedures in the area of oil-rig.

Indoavis in the map of Indonesia's aviation industry.

INDOAVIS PRODUCTS 1998-2012

INDOAVIS products that have been in use by the aviation community in Indonesia and internationally since 1998 and 2012, as follows:

1. CIVIL AIRNAV MANUAL BOOK
2. HELICOPTER AIRNAV MANUAL BOOK
3. PAPUA AIRNAV MANUAL BOOK
4. PILOT STUDENT AIRNAV MANUAL BOOK
5. MILITARY FLIP MANUAL BOOK
6. IFR H/L AIT EN-ROUTE CHART
7. JET NAVIGATION CHART 1:2.000.000
8. VFR WALL PLANING CHART 1:1.000.000
9. VFR-ONC 1:1.000.000
10. VFR-SAC 1:500.000
11. TRAINING AREA CHART 1:250.000
12. INDONESIA INDEX AIRPORT/AERODROME CHART
13. PAPUA INDEX AERONAUTICAL CHART
14. SAFETY ROUTE CHART
15. AIRPORT FACILITY DIRECTORY
16. * AIRPORT (YEAR) BOOK
17. * ATC NAVIGATION MANUAL BOOK
18. * INDONESIA AERONAUTICAL ATLAS BOOK

Note :

VFR : Visual Flight Rules

IFR : Instrument Flight Rules

ONC : Operational Navigation Chart

SAC : Sectional Navigation Chart

ANC : Aeronautical Navigation Chart

*In the phase of data collection.

Company profile and product display can be viewed on our website with the address: <http://www.indoavis.co.id>

Presently, INDOAVIS has proudly published aeronautical information new series, called the **Airport/Facility Directory**. The Airport/Facility Directory, is a manual for the flight organizer and/or pilot that provides complete information on airports, both large and small airports, related procedures or other aviation facilities information.

In certain country (USA) for example, A/FD also comes with the Aeronautical Chart Bulletin. The usefulness of this bulletin is to complete any major changes to aeronautical information that have occurred since the last date of issuance.

Observing the condition of civil aviation in Indonesia today, the publication of A/FD by INDOAVIS emphasis more on the usefulness to the flight organizers rather than to the pilot. Data and information contained in the directory book will be sorted and selected according to the current condition, which is very useful and fairly solid information. If there are abrupt changes in the airport which was not included in the A/FD at the time of issuance is such a case change can be seen on the A/FD electronic version is displayed in the address <http://www.indoavis.co.id> or NOTAM.

DISTRIBUTION

The product distribution will be carried out as many as 5000 copies, which will be distributed for free of charge to:

1. Airport Management (Angkasa Pura I / Angkasa Pura II)	± 100 Set
2. Airports under management by the DGCA (UPT)	± 100 Set
3. Directorate of Airport	± 50 Set
4. Directorate of Air Navigation	± 50 Set
5. Commercial and Non-Commercial Air-Operator	± 300 Set
6. Indonesian Air Force (TNI-AU)	± 50 Set
7. Indonesian Army Aviation (PENERBAD)	± 50 Set
8. Indonesian Naval Aviation (PENERBAL)	± 50 Set
9. Indonesian Police Air Unit (POLUD)	± 50 Set
10. Aviation and Pilot School	± 50 Set
11. Oil Company	± 50 Set
12. Aviation Organization and associate mission aviation	± 150 Set
13. Foreign Embassies and Mission in Indonesia	± 100 Set
14. Regional and Provincial Government (PEMDA)	± 100 Set
15. Ministry of Tourism and the Creative Economy of Indonesia	± 50 Set

TOTAL : 1200 Set

In addition distributing the products base on Free of Charge, we will also carry out the sale of such products at a price of Rp. 450.000, - (U.S. \$.43, -)

AIRPORT/FACILITY DIRECTORY - 2012 INDONESIA

your business Airport Facility, Airport Supplier, Ground Handling, Aircraft Maintenance, Airport Services, Passenger Facility and more...

TECHNICAL PRODUCT

- Title of Book : AIRPORT/FACILITY DIRECTORY
- Product & Publication : PT.INDOAVIS NUSANTARA
- Edition : II – 2012
- Language : ENGLISH
- Year of Publication : July 2012
- Next Publication : July 2013
- Print Process : Offset lux & Full Color
- Types of information : TEXT/GRAFIS (Map)
- Size of book
 - Length : 225 mm
 - Width : 160 mm
 - Thickness : 25 mm
- Paper Size : A5
- Cover type : Hard Cover
- Paper Type : HVS 80gr.
- Number of pages : ± 360 pages
- Number of airports : 256 airports
- Number of print out : 5.000 books

INFORMATIONS CONTENT

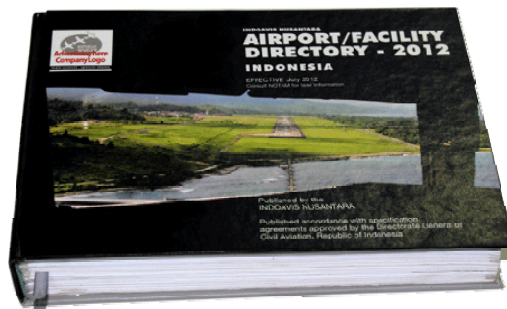

A. GENERAL INFORMATION

- Radio Communication and Frequencies
- Airspace (FIR, FSS, ADIZ)
- List of Airport Classification
- VFR Navigation Chart 1:500.000(SAC)
- VFR Navigation Chart 1:1.000.000(ONC)
- ICAO International Morse
- Indonesia Index SAR and Facility
- ENTRY, TRANSIT AND DEPARTURE OF AIRCRAFT

B. MAIN AIRPORT INFORMATION

- ICAO and IATA Code
- Airport Management
- Airport Address
- Type Of Airport
- Geographic Location
- Airport Elevation
- Airport General Temperature
- Magnetic Variation and Time Region
- Type of Traffic
- Airport Sketch / Type of Runway
- Radio Navigation Aids
- Runway Physical Characteristics
- Declared Distance
- Fuel Services
- Ground Handling Services

DGCA RECOMENDATION

LEGEND

LEGEND AND DEFINITION

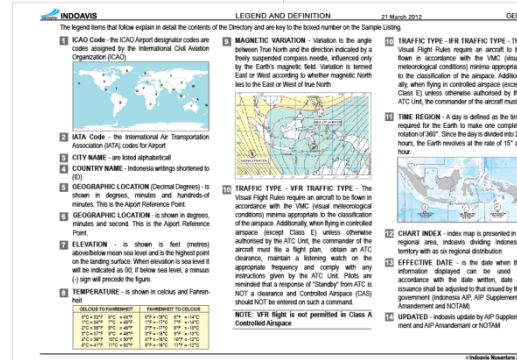

TABLE OF CONTENTS

A/FD Information of INDOAVIS is grouped into 5 (five) categories, 1. Foreword, 2. Introduction (Instruction of use and usage), 3. General Information (general information about the rules), 4. Recommended (Instruction and settings), 5. Airport Information.

Describe in detail below, based on the sequence content of the book INDOAVIS AIRPORT/ FACILITY DIRECTORY-2012.

I. FOREWORD

1. IMPORTANT NOTICE REGARDING INDOAVIS COPYRIGHT
2. CUSTOMER HELP CORRECTIONS, COMMENTS
3. Preface from Minister of Communication Republic of Indonesia
4. Preface from Directorate General of Air Communication
5. TABLE OF CONTENTS

II. INTRODUCTION

1. PREFACE
 - a. INTRODUCTION
 - b. PURPOSE OF THE A/FD
 - c. SCOPE OF THE DIRECTORY
 - d. CHART LEGEND
 - e. CHART LEGEND AND DEFINITION
2. CODE AND ABBREVIATION

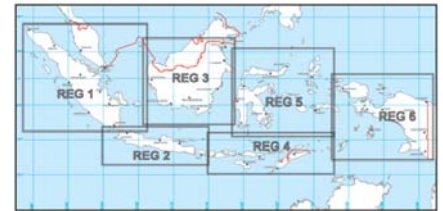

III. GENERAL INFORMATION

1. ENTRY, TRANSIT AND DEPARTURE OF AIRCRAFT
 - a. General
 - b. Schedule International Flight
 - c. Non-Schedule Flight
 - d. Private, Delivery, Ferry Flight
 - e. Foreign military aircraft entering or over flying Indonesia territory
2. ENTRY, TRANSIT AND DEPARTURE OF PASSENGER AND CREW
 - a. Custom
 - b. Immigration Requirements
 - c. Travel Information within Indonesia
 - d. Public Health Requirements
 - e. Animal, Fist and Plant Quarantine
3. INDONESIA REGULATION AND REQUIREMENTS
4. INDONESIA AIRPORT CLASSIFICATION
 - a. List of Indonesia International Airport
 - b. List of Indonesia Domestic Airport
 - c. List of Indonesia ALA Airport
 - d. List of Indonesia Heliport Registration

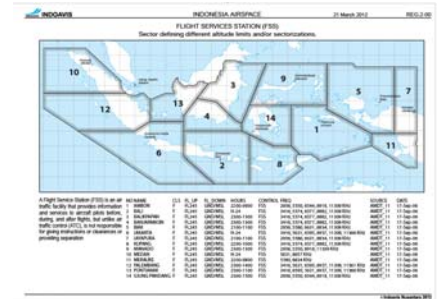

IV. RECOMMENDED

1. VISUAL AIDS TO HELICOPTER OPERATION
2. AIRPORT SIGNS AND RUNWAY MARKING
3. AIRPORT GROUND LIGHTING
4. LOAD CLASSIFICATION OF RUNWAY & AIRCRAFT ALIGNMENT CHART
5. AIRPORT REFERENCE CODE
6. ICAO INTERNATIONAL PHONETIC ALPHABET/MORSE CODE
7. INDONESIA RADIO COMMUNICATION AND FREQUENCIES
8. INDONESIA AIRSPACE
 - a. INDONESIA FIR (Flight Information Region)
 - b. INDONESIA FSS (Flight Service Station)
 - c. INDONESIA ADIZ (Air Defense Identification Zone)
9. VFR NAVIGATION CHART SERVICES
 - a. VFR SAC 1 : 500.000 INDEX CHART
 - b. VFR ONC 1 : 1.000.000 INDEX CHART

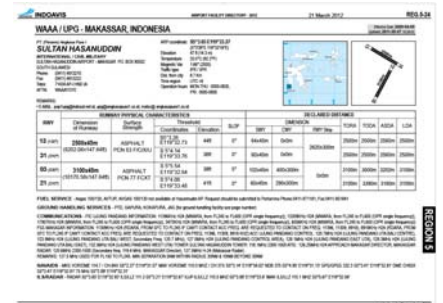

REGION INDEX CHART

your business Airport Facility, Airport Supplier, Ground Handling, Aircraft Maintenance, Airport Services, Passenger Facility and more...

REGIONAL INDEX

This directory consists of a single volume which covers the land area of Indonesia is divided into 6 (six) regional areas. Each regional area will formed the islands of Indonesia which consist of several provinces.

Table of airports based on regional distribution.

No	Code	Regional	Number of Airport	Area
1.	REG-1	Regional 1	52 airports	Sumatera
2.	REG-2	Regional 2	37 airports	Jawa, Madura dan Bali
3.	REG-3	Regional 3	45 airports	Kalimantan
4.	REG-4	Regional 4	20 airports	Nusa Tenggara Barat/Timur
5.	REG-5	Regional 5	44 airports	Sulawesi, Maluku
6.	REG-6	Regional 6	50 airports	Papua, Maluku
TOTAL AIRPORT			250 Airports	Indonesia

Note:

- In the following issuance plan for the third edition of the A/FD, the number of airports will be added as many as 50 airports.
- List of Airport can be seen in attachment which is based on regional division.

EXPLANATIONS FOR COLUMN SPONSORS

MAIN SPONSOR

- The number of available sponsor column is one column.
- Located in the upper left main cover.
- Size : 3 x 3 Cm + Full double page (42x15 Cm)
- Display : Full Color
- Display the logo of the company
- Plus Full Page, a page that contain background information about company biodata and servicing.
- Price : Rp. 160.000.000,-
